CDC Guidance for fully vaccinated citizens (April 27, 2021)

On April 27, 2021, the CDC issued new guidance for fully vaccinated citizens.

What You Need to Know:

1. If you are fully vaccinated, you can start doing many things that you had stopped doing because of the pandemic.
2. When choosing safer activities, consider how COVID-19 is spreading in your community, the number of people participating in the activity, and the location of the activity.
3. Outdoor visits and activities are safer than indoor activities, and fully vaccinated people can participate in some indoor events safely, without much risk.
4. If you haven't been vaccinated yet, find a vaccine location.
5. See the illustrated chart at "[CDC Mask Guidelines Choose Safer Activities](https://www.cdc.gov/media/releases/2021/s0427-covid-19-guidance.html)".

Biden Administration 'GetVax' Text Line

On Friday, April 29, 2021 the Biden administration launched a website and text line to help people find COVID-19 vaccines near where they live. People can text their zip code to 'GetVax' and receive back 3 locations near them with vaccines in stock. Please visit the following website to read more about the GetVax text line. <https://www.npr.org/2021/04/30/992591012/need-a-covid-19-vaccine-biden-admin-launches-getvax-textline-and-other-search-to>

CDC Guidance – International Travel During COVID-19

1. "Fully vaccinated travelers are less likely to get and spread COVID-19. However, international travel poses additional risks and even fully vaccinated travelers are at increased risk for getting and possibly spreading new COVID-19 variants." If you are considering International travel, visit the CDC website for important information.

<https://www.cdc.gov/coronavirus/2019-ncov/travelers/international-travel-during-covid19.html>

2. Visit the U.S. Department of State--Bureau of Consular Affairs website link below for COVID-19 Country Specific Information. <https://travel.state.gov/content/travel/en/traveladvisories/COVID-19-Country-Specific-Information.html>
